to the complications of inter-machine communications.

"Supplied certain information, a machine correctly programmed will channel relevant facts into other machines for split-second response," Van Ness explained. Cable connections beneath the floor connect the community of computers at Forest Lawn.

Magnetic tape and disks were demonstrated to the class. "Tape stores 200 to 800 characters per inch," commented Van Ness. The magnetic disk machine is Forest Lawn's newest acquisition in data processing.

Disks are similar to a phonograph record and have the advantage of extracting spot information instantly, just as phonograph records may be started in the middle. Disks save time-wasting tape reeling when searching for particular information.

"Today's students are becoming oriented to modern math and the binary system of computation," Van Ness explained, "and data processing is becoming a popular tool for communication in the space age."

### Glenn Wunderly New Moderator

At a recent congregational meeting of the membership of Sierra Madre Congregational Church, W. Glenn Wunderly II was elected to the office of moderator. Mr. Wunderly, who resides with his wife, Carole and three children in the Hastings Ranch area of Pasadena, is president of the W. Glenn Wunderly Company of South El Monte, distributors of food raw materials and manufacturers of medical laboratory supplies.

The new moderator is a graduate of Stanford University, and Harvard School of Business. He has served the church as chairman of the board of deacons, chairman of the Harvesters, and member of the board of trustees. He is a member of South El Monte Rotary Club, and YMCA Indian Guides. Mrs. Wunderly has served on the board of religious education of the Sierra Madre Congregational Church and is currently superintendent of the Sunday school.

### St. Rita's To Have New Church, Old Church To Be Torn Down January 8, 1968

will be a continuing part of its design because space will be left between the edges of the timbered roof and the concrete walls. Lighting has been so planned that at all times the sanctuary will be the most lighted portion of the church. Structure itself will reinforce focus on the sanctuary and the altar at its center, since the rows of pews in the nave will slope gently downward, the altar itself will be raised, and the section of roof over it and the sanctuary will be the highest part of the church proper, expressing in form the raising of heart and thought upward in prayer.

Extraordinarily effective is Gougeon's design of a choir loft left free-hanging over the narthex or vestibule within the main doors. People will pass under this to the sloping nave, where no one will ever be more than nineteen pews away from the dramatically placed altar under its separate soaring roof.

Thus the very form of this church will express the feeling of receiving people with

open arms and bringing them to the altar. With this design, and the altar so placed that a priest saying Mass will face the people, Gougeon has incorporated the latest thinking of the recent Ecumenical Council, that the people should truly be participants in the celebration of the Mass.

The traditional Spanish campanile or bell tower in the front of the church will shelter the baptismal font. The social hall beneath the main floor of the church will house rooms for Scout and Guild activities, kitchen facilities, and a large open hall with a raised platform for meetings and school productions.

The interior of the church will utilize traditional Spanish materials — wrought iron, wood, stained glass and sculpturally textured plaster surfaces — all handled in a contemporary manner. Colors will be the warm earthy tones associated with the Spanish style and native to the Mediterranean climes and environments in which it has flourished.

The exterior, too, will blend with the area in which it is placed. Additionally, landscaped promenades outside will invite parishioners to communicate with friends in a free and spacious area. Parking will be accessible on both the east side of Baldwin and on the campus to the west as per advisement of the city.

In speaking of the addition of statues and such within the church, Gougeon pointed out that a Catholic church is never "finished" in the sense that it continues to be enhanced by works of art gifted by grateful parishioners.

Gougeon has worked with murals and stained glass as well as with sculpture and he brings this enrichment to his work as an architect. This is in line with the approach of one of his favorite contemporary master architects, the celebrated French Le Corbusier, whose belief is that painting, sculpture and architecture should be conceptually one and the same.

John Gougeon was born in Detroit in 1931 and moved to Altadena in 1945. He was graduated in 1959 from the School of Architecture of the University of Southern California, belonged to Scarab, the honorary organization of design, has been awarded the "Order of the Golden Trowel" by the Southern California Plastering Institute for selection and best use of materials. He moved to Sierra Madre in 1952, before his graduation. In 1963 he designed and built his own home here.

He has three daughters attending St. Rita's School: Marie, Claire, Andrea; enjoys the musical talent the girls share with their mother, would love it if one of the three were to choose architecture as a profession. As a student, Gougeon took a year for travel in Europe, with particular interest in the architecture of Spain, France and Switzerland, and got in a look at North Africa.

Gougeon, whose offices are at 1350-A No. Altadena Drive, Pasadena, has designed medical professional offices and hospitals, and commercial buildings of many types. Some of his larger residential projects are to be found in Sierra Madre, and, of course, there is the nuns' convent for the

teachers of St. Rita's. Here Gougeon departed from the normal planning utilized for a cloister-type structure, so that the result is more of a home than an institution.

John Gougeon has a simple but high accolade for the Rev. Thomas O'Malley: "A real man's priest." Father O'Malley was born in Ireland in 1907 and ordained there in 1931. This June will mark his 37th year as a priest; except for war service, all of this time has been spent in the L.A. Diocese of California, where he arrived the year of his ordination. He has been at St. Mary's in Boyle Heights, and at the Cathedral at 2nd and Main in Los Angeles; at Newhall, where he pioneered a parish; at the Cathedral Chapel, Wilshire and La Brea; St. Andrews in Pasadena; St. Gertrude's in Bell Gardens, and, finally, since 1951, at St. Rita's in Sierra Madre.

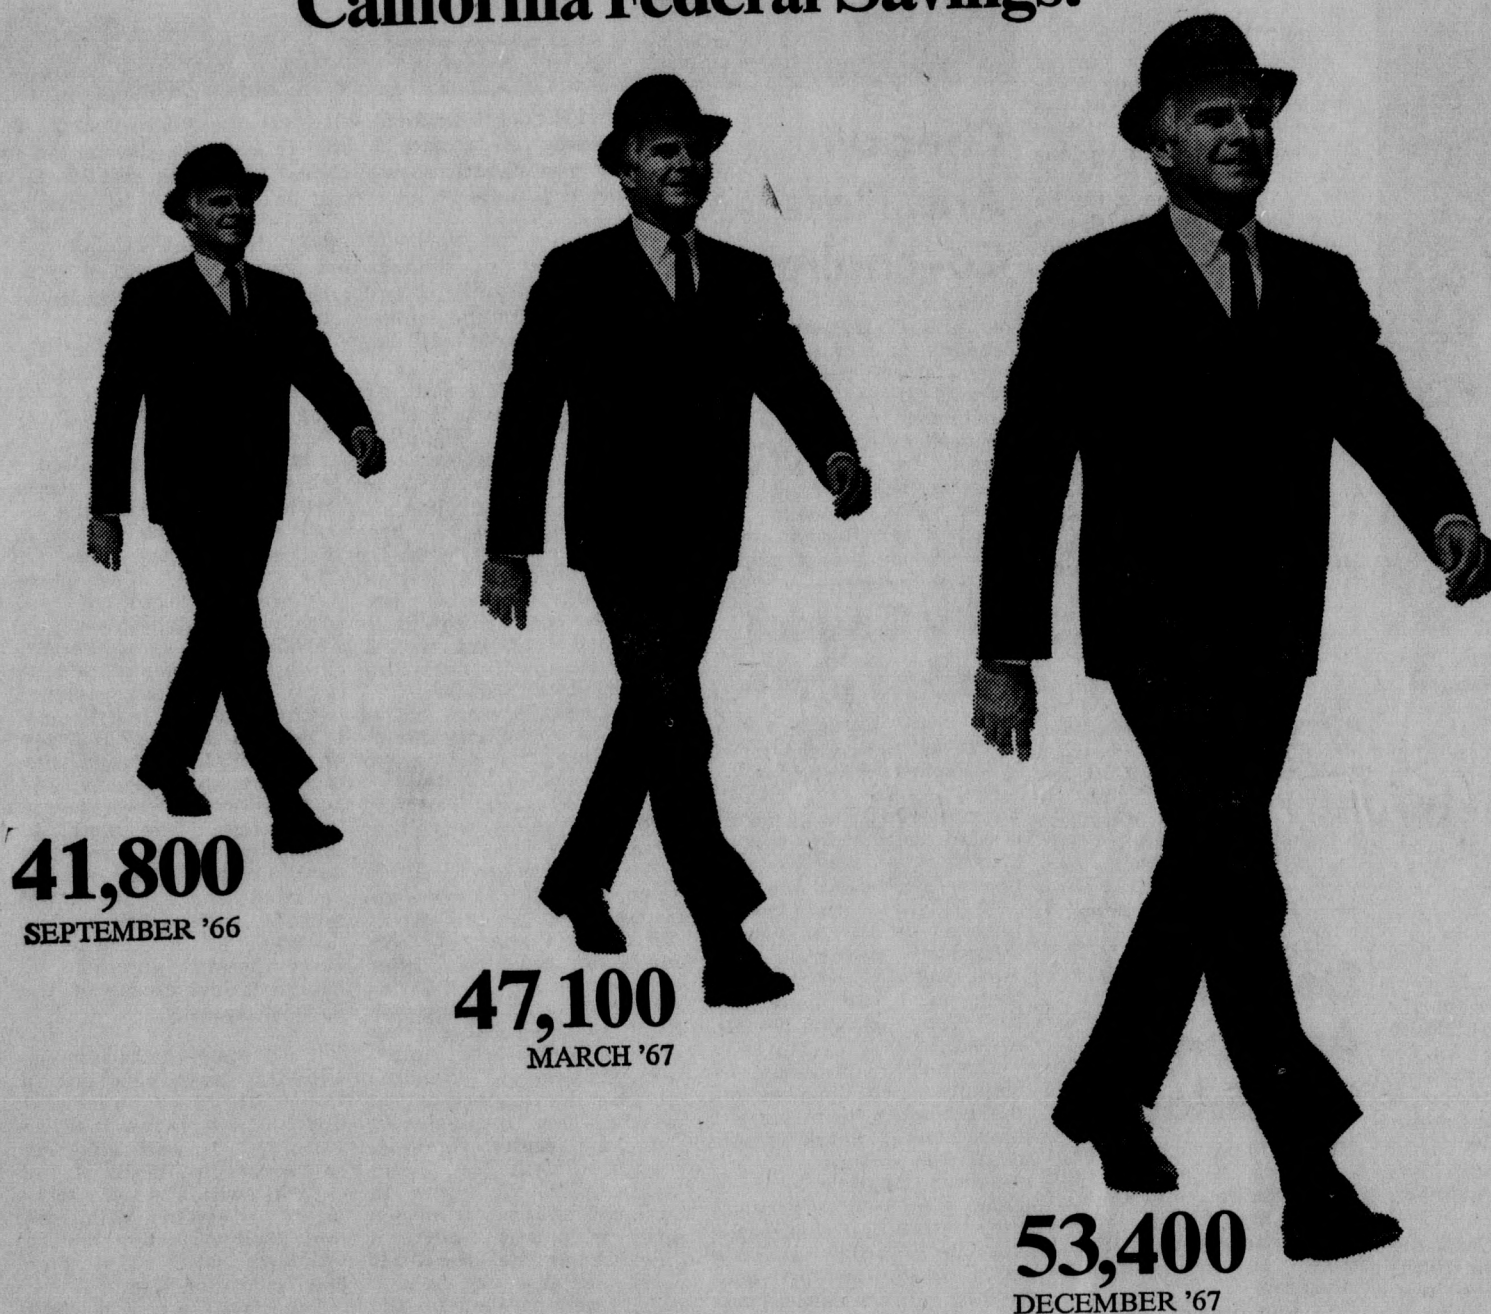

St. Rita's School in 1951 consisted of four classrooms and an auditorium. In 1952 Father O'Malley added four classrooms; in 1962, eight more; and in 1965, he built

the new convent to house the larger teaching staff of sisters required for the growing school. Now, with the help of architect John Gougeon, he is replacing the church designed and built by Will Schiltz, a former Mayor of Sierra Madre.

Father O'Malley was an Army Chaplain all during World War II, putting his time in the South Pacific. Gougeon once asked him if he thought he'd know his way around the islands if he were to go back. "I ought to," was the reply. "I think I've crawled across every one of those beaches." "Did you ever go in with an invasion?" asked John. "Oh, no," the good father answered. He added, doubtless with a twinkle, "It was always a few minutes after."

Surely such a priest possesses not only faith, and its synonym, courage, but that much rare commodity, a sense of humor about himself and his role. Perhaps this accounts in part for his successes at St. Rita's which will culminate in the erection of John Gougeon's design for a new church.

## Concert Recital 31st Season Starts Jan. 7

The opening recital of the thirty-first season of the California Concert Artists Series will present two highly talented young performers, both well known locally. The joint recital will begin at 3 p.m. in the Shakespeare Club, 230 S. Los Robles, Pasadena, on Sunday, January 7. Featured are mezzo-soprano Karen Yermat, accompanied by Roul Herrera, and pianist Karl Lindauer.

Not yet twenty, Miss Yermat has already performed leading roles in many productions of operettas and operas, as well as oratorios. The recipient of numerous awards and first prizes, Miss Yermat will sing works by Purcell, Handel, Rossini and Schumann, as well as contemporary composers Castelnuevo-Tedesco, Copeland, Bernstein and Rorem.

Karl Lindauer's technical brilliance and dramatic flair have impressed recital audiences. They give him the requisite equipment for performing the challenging works of Chopin and Liszt which he has programmed.

Two other concerts in this series will be January 14, featuring dramatic soprano Cathryn Ballinger and bass violinist John Schiavo; and January 21, a joint recital by Carol Read, mezzo-soprano, and pianist Susan Svercek. For ticket information, contact California Concert Artists, 721 Brent Ave., So. Pasadena 91030; telephone 682-2969.

## Letters To the Editor . . .

Dear Editor:

What with all the criticism lately, credit earned is credit due.

During my visit to the "old home town" at Christmas, I did my part by putting in an enjoyable day's work on the Rose Float.

I wish to extend appreciation to the Rose Float Association for the "let's pull together" attitude that prevailed in the float tent. Even as members of the "opposing factions" worked together on the magnificent float, the feeling I got was that this civic project "demanded the cooperation of everyone; let's worry about the up-coming elections after the First-Prize has been won."

It is a feeling of confidence to know that the city's problems have not split the efforts of presenting to the public another award-winning New Year's Rose Parade Float — the whole team is to be commended for temporarily setting aside their personal and political differences.

— Bert Embree

MISS DEENA LYN SORESEN

... Engaged

Attractive Miss Deena Lyn Sorensen, daughter of Mr. and Mrs. Severin Lund Sorensen, and Mr. Larry Ray Davis announced their engagement during the Christmas Holidays at a family party given by Deena's parents at the family home, 223 East Orange Grove.

Both Miss Sorensen and Mr. Davis formerly attended Dixie Jr. College in St. George, Utah, where they met. Miss Sorensen is presently attending Los Angeles State College, while her fiancé, the son of Mrs. June Van Tassel of Fort Bragg, Calif. is a student at

### Exhibit

Currently exhibited in the Sierra Madre Library and in the Hastings Ranch Branch Library are selected works of Sister Mary Corita from an exhibit to be shown in La Salle High School auditorium on January 10 as a part of an adult education series of the Sierra Madre Methodist Church. The public is invited to view the exhibits in the libraries. Posters describing the full program are also displayed.

### FROM THE Fire Side

For those that were around to observe the actions of the fire on Christmas Eve, just cannot say anything but that Sierra Madre has the best dressed group of firefighters in the whole of the San Gabriel Valley.

## COMMUNITY HOSPITAL

. . . Sierra Madre

Happily accepting parenthood for the first time are Mr. and Mrs. Clifford Martin who reside at 155 N. Grove St. Their daughter Maria Ann was delivered at Sierra Madre Community Hospital on Friday, December 22, weighing 8 pounds, 4½ ounces.

Weighing 6 pounds, 11 ounces at birth, Danny Ray Lloyd was delivered at Sierra Madre Community Hospital on Tuesday, December 26. His parents who live at 441 W. Colorado St., Monrovia have four other children, Danny Rae, Carol Helen Marie, Richard Don Jr., and Allen Lee.

Julie Anne is the name chosen by Mr. and Mrs. Collin Braycotton for their second daughter who was delivered at Sierra Madre Community Hospital on Tuesday, December 26. She has been welcomed to the family home at 388 Mariposa Ave., where she joins her sister Jean and brother Stanley.

Mr. and Mrs. Raymond Sondergard of 126 Esperanza Ave., are proudly introducing Raymond Albert, Jr. to their many friends and acquaintances. He arrived by Caesarean section on Tues-

day, December 26, at Sierra Madre Community Hospital, weighing 6 pounds, 14 ounces. Maternal grandmother is Mrs. Hilda C. Noble, long-time resident of this community, and his paternal grandparents are Mr. and Mrs. Sondergard of Eugene, Oregon.

Lisa Michelle joins the family circle in the home of Mr. and Mrs. Richard Crook at 93 N. Sunnyside Ave. She was delivered at Sierra Madre Community Hospital on Wednesday, December 27, weighing 7 pounds, 13½ ounces. Her brothers and sisters are Richard, Cathy, Shawna, and Marnie.

Patients who found it necessary to remain in Sierra Madre Community Hospital during the Christmas holiday were cheered by attractive and colorful favors and room decorations. These were the gifts generously contributed by the boys who are members of Cub Scout Pack 381 of Sierra Madre, under the direction of Mrs. Natalie Davis. Den mothers are Mrs. Charles Davis, Mrs. Paul Swadowski and Mrs. Jack Davis.

### DIABETES in the GOOD OLD DAYS

Earlier in this century, any person who contracted severe diabetes faced semi-starvation. His body cells lost their ability to handle sugars, starches and fats. As a result, the diabetic dragged out a miserable, half-starved existence. Death was an ever present hazard.

Diabetes still remains one of the most wide spread diseases. Yet today, thanks to prescription drugs, the diabetic can enjoy a near-normal life. Insulin, an injectable compound, has restored his body's ability to burn its fuel. Rather recently, also, pharmaceutical research has added other anti-diabetic drugs that certain people can take by mouth.

There are many other examples of dread diseases that are now being controlled by prescription drugs. Yet Americans today spend no greater share of the disposable income on drugs than in 1939 (only about one cent in each dollar). No wonder we say that "Today's prescription is the biggest bargain in history."

We at Hartman Pharmacy are here to serve you, and we are on call 24 hours a day EVERY DAY. Call us when you need us.

## March of Dimes Launches 30th Year Fund Campaign

This year The National Foundation - March of Dimes looks back on 30 years of accomplishment in the health field and looks ahead to further accomplishment.

Founded by President Franklin D. Roosevelt in 1938 to fight polio, the voluntary health organization succeeded beyond all expectations when in 1955 it presented the world with polio vaccine.

The March of Dimes record of achievement has been unequalled by any other health organization. Its pioneering work in basic and clinical research has affected the entire course of medicine.

Especially in virology, the Foundation sponsored studies which actually laid the groundwork for many developments of what is now known as "the biological revolution." This included work on the structure of DNA, the substance that controls the natural heritage of all living things.

In 1958 the March of Dimes expanded its program beyond polio to attack birth defects.

The great majority of

birth defects can be treated and completely corrected, if they are detected early and given the best care known to modern medicine.

Medical care of this high caliber is available at nearly 100 March of Dimes-supported Birth Defects Centers, including two here in Los Angeles County at Orthopaedic and St. John's Hospitals, and at leading medical institutions throughout the nation. Through research, medical care and education it is hoped that birth defects can be substantially reduced, thus raising the health standards of future generations.

### Alpha Phi Alum Salad Luncheon

The Pasadena Chapter of the Alpha Phi Alumnae will have a salad bar luncheon Tuesday, January 9, starting at 11:30 a.m. at the home of Mrs. Laurence Collins, 595 Rim Road, Pasadena.

Betty Willis of Arcadia, will be the guest speaker. Mrs. Willis was responsible for the attractive kitchen in "The Showcase of Interior Design" held last spring in San Marino.

The January meeting will also honor the recipients of the Alpha Phi fifty year pin. Reservations for luncheon must be made with Mrs. E. Fred Lamb, Temple City, 286-7852.

### Picnic

The 68th Iowa Winter Picnic will be held at Recreation Park, Long Beach, Calif., on Saturday, March 30, according to Floyd L. Wohlwend, president of the Iowa Association of Southern California. The program, to begin at 12:30 p.m., will again be highlighted by the presentation of the Distinguished Iowan Award.

### Richard Tucker At Music Center

Pianist Erwin Jospe will accompany Metropolitan Opera tenor Richard Tucker in his recital at the Music Center's Pavilion on Sunday, January 28, at 3 p.m.

The tenor's program will include Mozart's concert aria, "Miserere"; Lamento di Federico from Cilea's opera "L'Arlesiana"; Pourquoi me reveiller, from Massenet's opera "Werther" and selected works.

Tucker's appearance is the second event of the Columbia Celebrity Series, and originally was scheduled for December 16. Those holding tickets for December 16 will be admitted on January 28 without any exchange of seating at the boxoffice.

### Piano Study

On Friday, January 12 at 2 p.m. the Piano Study group of the Shakespeare Club will meet in Stratford House. A paper "Music and the Subconscious Mind" will be given by the chairman, Mrs. George Burks Goodlander.

### Poetry-Writing

On Monday, January 15 at 11:30 a.m. the Poetry and Creative Writing Section of the Shakespeare Club will meet in Stratford House. Mrs. A. J. Johnston will review the life and work of Dylan Thomas. Miss Florence L. Swindell, is director.

Personals are \$1.25 and can be placed in an envelope and placed under the door. No name needed. No charges accepted.

## When You Buy Professional Drycleaning

### You Buy ASSURANCE

Your professional drycleaner is a skilled technician. He is skilled in the knowledge of fabrics, stain removal, and the drycleaning process. His know-how gives you the assurance that your valuable garments will be care for.

### You Buy A FINISHED PRODUCT

Soil and stains have been removed — Trimmings and ornaments have been replaced — Repairs have been made — The original "feel" has been restored by sizing additives — Creases are sharp and the fabric is finished. Your garment is ready to wear.

### You Buy A SERVICE

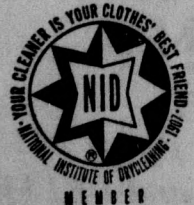

Your professional drycleaner packages your garments properly so that they are protected until you are ready to wear them.

You may call for them at your convenience or have them delivered to your door — and while your garments are in the custody of your professional drycleaner, they are insured against fire, theft, and other hazards.

## Several Existing Openings

### An Opportunity To Serve -- Join Police Reserve Unit

The City of Sierra Madre announces openings in the Police Reserve Unit. The Police Reserve Unit is used to augment the regular officers in the performance of their police duties. Under general supervision of regular officers, members of the Reserve Unit will be assigned to police patrol cars, footbeats, headquarter assignment, and other special details.

Those selected will receive

from 6 to 8 weeks of police training from the Pasadena City College, Police Academy. Certain reserve officers will be selected from time to time for specialized training outside of the department. Monthly training is scheduled within the department.

Qualifications for this position are, age 21 to 35, high moral character with no police record other than minor traffic violations, good physical condition, and high school diploma or a G.E.D. certificate.

Reserve officers will be required to purchase uniforms, gun, and leather goods, and will be compensated up to \$100 per year for uniform allowance. A reserve officer will be required to spend at least 8 hours per month on active duty, but will be encouraged to avail himself as often as possible for active duty.

Those persons interested may obtain an application for Reserve Officer at the Sierra Madre Police Department or call 355-1414 for any further information.

### NOTICE OF PUBLIC HEARING

NOTICE IS HEREBY GIVEN that pursuant to the provisions of the Code of the City of Sierra Madre, Section 9625, that the Planning Commission of the City of Sierra Madre has fixed Thursday, January 18, 1968, at the hour of 8:00 p.m. in the Council Chambers of the City Hall, 55 West Sierra Madre Boulevard, Sierra Madre, California, as the time and place for holding a public hearing on a proposed amendment to a partially destroyed non-conforming building. The applicant requests permission to restore and use the dwelling unit and garage located at the rear of 891 1/2 E. Grand View Avenue, more further described as Camillo Guerra's Tract 2.66 more or less acres that part 8. of Camillo Street of Lots 33 and 34.

The application alleges that there are special circumstances attached to said property which generally do not apply to other properties in the same district and vicinity; that the granting of a variance as aforesaid will not result in a material damage or prejudice of other property nor be detrimental to the public welfare or injurious to persons in the vicinity thereof; if granted, would be subject to such conditions as the Planning Commission may deem necessary to assure that the spirit and purpose of said City Zoning Code will be observed, public welfare and safety secured, and substantial justice done to all parties.

Interested persons may attend and be heard.

### Talking CHP Patrol Cars

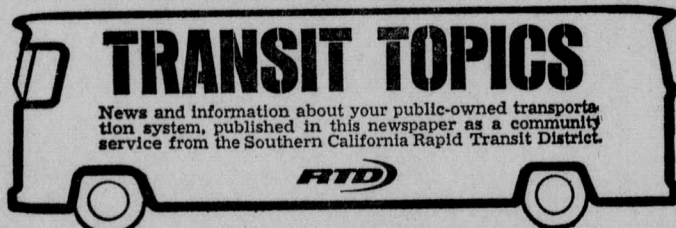

If you are driving along the highway and a Highway Patrol car begins to talk to you, don't be alarmed. Pay attention, however, because the message might save you a great deal of trouble.

The Patrol is now equipping some of its autos with outside public address systems which will allow its officers to communicate easily with the drivers of other cars, according to Highway Patrol Captain D. W. Parker of Glendale.

About 200 cars are now equipped with the system and an additional 300 will be equipped later. The cars are spread throughout the state but there is a concentration of them on Interstate 80 and U.S. 50 between Sacramento and the Nevada

State line. Captain Parker said that Patrol commanders on the highways over the Sierra Nevada Mountains have told him "the outside speaker has been a valuable aid during storm situations when information about road conditions must be given to a greater number of cars in a short time."

Another part of this new system is a different sounding siren. The Patrol cars will still be equipped with the usual sounding siren but in addition will have a siren which varies from a high to a low pitch. This will be used to get attention if a motorist is not responding to the sound of the regular siren. It is only a supplement to the normal siren.

**ARTIE DEE**  
Transportation Editor

Well, another New Year has arrived and with it, the usual tired resolutions. I, for one, have a long list of things I'll quit or start. It's the same list I used last year.

Interesting thing about resolutions — some of them are very good. For instance, the one about using RTD instead of the car. RTD probably has a bus going where you want to go. Valley Plaza at Victory and Laurel Canyon is a good example. No less than 5 RTD lines serve this fabulous shopping complex from almost every part of the Valley. Send for a map and timetables. It's a good way to start the year.

I have no way of knowing how many of you good folks reading this column have used International Airport. Nearly 15 million people used it last year and the chances are very good that many of you will fly during the coming year. My point is this: RTD offers a very good service to the airport on three lines. The No. 3 Line to downtown Inglewood; the No. 100 Line to Watts, South Gate and Lynwood; and the No. 51 Line south to the beach cities of Manhattan, Hermosa, and Redondo, and to Los Angeles. Not only that, but you can go from downtown Los Angeles to the Airport for only 62c. Try to beat that if you can.

Many of you will want to go to Long Beach to see the "Queen" during the weeks to come. I am referring to the ship, Queen Mary, purchased by the City of Long Beach to be made into a museum show place, restaurant and world wide attraction. The huge luxury liner will be temporarily berthed at Pier E in Long Beach. Until additional transportation is arranged, you can VIEW, not board, her by taking RTD line 66, 36, 33, 124, or 59 to Long Beach and change to the Long Beach City Lines No. 8 bus to Pierpoint Landing. You can catch the No. 8 bus at 1st and Pine. Thank you, glad I could help.

Q. The main reason I am writing is to receive a system map, but tell me how much the fares are on the buses? A.A.

A. That's like saying, how far is it to Chicago. It depends on where you start from. The basic fare is 30c and each zone is 8c.

Q. How can we go from Montebello to Carthay Circle Theatre? T.L.C.

A. Take the 72 Line on Whittier Blvd. to 5th and Hill and transfer to the 76 Line going south on Hill.

Q. I would like to go to Paramount Blvd. and Alondra and I live near Beach and La Palma. Mrs. M.O.

A. Catch the 58 Line going toward Los Angeles and get off at Firestone and Downey. Change to the 113 Line to Compton and Paramount. The 116 will then take you south to Alondra.

Q. How do I go from No. Maxon Road in El Monte to Las Tunas and Alhambra in San Gabriel? C.B.

A. It ain't easy. The trip requires 3 buses. The 53 Line to San Gabriel Blvd. The 11 Line to Mission and Main and the 52 east to Alhambra. Sorry about that.

Q. Does the Pasadena bus that starts near Temple City Blvd. and Las Tunas transfer in Pasadena to the bus going to Eagle Rock? Mrs. J.R.C.

A. Yes.

Send your questions to Transportation Editor, Artie Dee, care of this newspaper. All questions will be answered in this column or by mail. A system map will be sent free to each person submitting a question, or call 747-4455 for detailed information.

# This Is Your Money

*but Everything It Buys  
Isn't in Those Packages*

Goods and Services are only a part of what our money buys when we spend it.

About one-third of it goes to help pay for schools, churches, protection, conveniences, and other elements of community life.

Logically, then, we get nothing we can use for this substantial part of our money, except when we spend it at home.

Happy New Year! It's all over but the paying of the bills and I'm ready to take to the hills when they start coming in.

Just love all the glitter and tinsel but I am always glad to put it away again and get back to normal every day living. My big decision of the week is just what color I am going to paint my front door. It looks kind of silly in the cold light of January bills. It put me in mind of a reducing salon, which isn't a bad idea.

Have my new resolutions all made up and am looking forward to a wonderful year. In analyzing the situation I decided that it would be foolish to effect a major personality change. I'm too far over the hill for that kind of nonsense. Am having a hard enough struggle maintaining the changes I made years ago; besides, I'm used to the old me. No, this year I decided that it would be a good idea to do some of the things I have always put off for a future date.

For instance, I'd like to take a tour of Los Angeles. I'll pretend I'm a visitor to this old City of Angels and try to see it as a stranger might. Just might take up a little painting too — house painting that is. After my debauch with a spray can I'm anxious to further my talents with a roller. I can see it now. One morning I'll get up and decide that a room is definitely dingy. I'll whip down to the store and choose a smart new sparkling color and then whisk it on the walls without spilling a drop. (It says you can do that right in the ads!)

Naturally, by the time his own self gets home I'll have everything back in place and be serenely reading in the newly decorated masterpiece. On second thought, maybe I'll start small and just do the front door for the time being before I go on to new horizons.

It was a wonderful holiday season for the Paul Siechert family on Mesita Road. Their daughter Carol and

her husband, Mr. and Mrs. Bruce Wagner, returned from Arlington, Virginia, on a ten day leave. Bruce is in the Honor Guard at Fort Meyer.

While they were here, the Siecherts had a reception for about 30 of their friends so they could catch up on old times.

With the opening of Santa Anita last week there were a lot of hillites out at the track.

The Clarence Kanaks are almost always on hand for the opening day and this year they were accompanied by Doree's mother, Mrs. Ann Sandblom who came out from Chicago to be with the family for the holidays; Mr. L. A. Jones, Mr. J. J. Heney and his daughter, and the Kanak's daughter Kim who spent all of her time going to and from the paddocks. Doree said the day wasn't a howling success bet-wise, but the eighth race saved it from being a total loss.

New Year's day found people in various and sundry activities. Henry and Diz Smither were among those battling the traffic to see the Rose Bowl Game.

Another couple lucky enough to obtain tickets were Philip and Cathy Allison. They had a special interest in-as-much as they both graduated from USC.

The Allison's have only been in our area for a little over a month. They bought the Al Richards home on Meyerloa Lane.

They settled in almost as fast as the moving van pulled away and have already given a couple of parties since their arrival.

Mrs. Howard Morgridge and Mrs. William Nash had a cocktail party for them to introduce them to their immediate neighbors and it made it seem like they were really home in the area.

They have two children. Their son Steve is a junior at Texas Christian University and their daughter Susie is a sophomore at Cal Poly and in her spare time is quite an animal enthusiast.

A  
Word  
About  
1968

Arthur L. Ferris, President

Every new year offers us another chance, so to speak...another opportunity to accomplish the things we failed to accomplish in the year past. Such a year is 1968. It holds the promise of fulfillment and accomplishment for each of us. Let us not neglect this opportunity...whether it's that European vacation we've always wanted, the new job, further education, or better financial security. Since financial security properly falls into an area in which I can speak with some authority, let us dwell on this a bit. I firmly believe that the best approach to financial security is attained through a definitely scheduled savings account...one that considers basic family needs, as well as those related to education, vacation and retirement demands. Some of these needs are long-term, some short-term. Either way, long-term or short-term, we build a bulwark against many seen and unseen financial problems when we save systematically. The result is a peace of mind which, in itself, will be a valuable dividend for 1968...and the other years ahead. For, as with all habits, the one of saving, rigidly adhered to, builds upon itself, growing easier with the passage of time. Start your own savings program today, and you'll remember these words without regret at the beginning of 1969, a year hence. Remember, we at Altadena Federal Savings are here to serve you. We would like nothing better than to have the opportunity to discuss your entire savings approach...at your convenience.

slast as their menagerie includes one horse, two dogs, and one cat.

Mr. Allison is a partner in Insurance Center Associates in San Gabriel, which is a firm that handles all kinds of general insurance.

Christmas found the Allison family with a real household of people. Cathy's parents, Mr. and Mrs. W. F. Lawder came up from Leisure World to be with the family, and the Senior Philip Allison came down from Sacramento to join them.

The Squirrel Inn near Lake Gregory was the place chosen by another group to spend the long New Year weekend. This is the second year they have gone up for a quiet, peaceful and relaxing year end.

Included in the group were Mr. and Mrs. E. Marshall Harris, Mr. and Mrs. Norman White, Mr. and Mrs. George Holmes, Mr. and Mrs. Robert Anderson, Mr. and Mrs. James Smith, and Mr. and Mrs. John Fricke.

The Fricke's had a lot to talk about in view of the fact that they are recent grandparents.

Their daughter Ann and her husband, Mr. and Mrs. Harry Sholtz of Arcadia, became the parents of an eight pound fourteen ounce baby boy on December 7. They have named him Edward John Sholtz, and from all reports he is an outstandingly good baby and Jeanne is strictly unbiased.

The paternal grandparents are Mr. and Mrs. Herman Sholtz.

Another group on the hill decided to get together for a cooperative party to usher in the new year. They started out with cocktails and hors d'oeuvres at the Harlan Dunns. From there they went on to the Stuff Shirt for an elegant steak and lobster dinner accompanied by champagne. Their final stop was at the Dom Giamgiorio's home where they rang in 1968.

Included in the party were Mr. and Mrs. Don Hays, Mr. and Mrs. Brewster Benedict, Mr. and Mrs. Gordon Wright, Mr. and Mrs. Matt Slavin, Mr. and Mrs. Tony Boland, Mr. and Mrs. Robert Farmer, Mr. and Mrs. John Roberts who will soon be leaving for Australia, Mr. and Mrs. Forrest Paxson, Mr. and Mrs. Gene Rode, Mr. and Mrs. Charles Goldsworthy who just returned from skiing in Sun Valley followed by a trip to Washington, and the Robert Measons.

## Fireside

unofficially they have answered approximately 86 calls over all, compared to 123 last year. The fire loss last year was \$15,500, and 1967 may go as high as \$30,000.

—VFD—

Guess some of us are going to have to sit down and have a little serious talk with "Fire Prevention." We just cannot have things like this go on unchallenged. The firefighters are a very capable bunch and are completely willing to "put out the fires" but feel they should have a little cooperation in not having such "big ones," and proper education should help in this line... How about it, Fire Prevention, ready to have a little discussion?

—VFD—

Seems that Bill Newbery, Ron Hall and Lee Graves parked the truck from the canyon at Lee Graves house the other day to make some modifications on it. They got carried away and thought they were creating Fire Station 4. When Lee's wife, Anne came home and found them using the bannister in the house to slide down (like a brass rail) she drove a three inch spike at the bottom and brought their little routine to a screeching halt. Oh, well, maybe Santa Claus will bring them a real brass pole at Station 1 for Christmas '68.

—VFD—

The fire Christmas Eve was just three doors from the home of fireman Jim Merrill and when he's Plec-tron went off he made a run to the station, instead of waiting to hear the address. It was the long way around wasn't it Jim. He said he got a little suspicious when the firemen's cars and police car passed him going in the opposite direction, as he made a bee-line for the station.

## Philanthropy

On Thursday, January 11 at 10 a.m. the Shakespeare Club, philanthropy section work meeting will be held in Stratford House under the guidance of Mrs. John R. Vidic, welfare chairman. Mrs. Kenneth H. Scott is the director.

## Happy New Year

Taxes are probably headed up, along with prices. Vietnam doesn't look to get much better. Race riots will enter the "guerrilla warfare" stage in major cities.

"Student" demonstrations and violence seem to be accelerating.

### Happy New Year?

Well, 1968 can be happy if we try to make it so by letting humane principles be our personal guides; if we will learn from history; if we cut through the false appeal of demagogues and seek out the true issue, the true needs, and then find in our hearts the courage to seek lasting solutions . . . even at the expense of political expediency.

## An Odd Failure

Sulfur is a prime element in Hades, according to tradition. Certainly it is a major factor in the hellish smog that besets our metropolitan areas. Elimination, or at least diminution, of sulfur in fuel used in smog areas would seem to be an elementary precaution.

To some users of such fuels it is; but strange enough, not to all. For example, the investor-owned Southern California Edison Co. has announced it will cut the sulfurous smog pollution from its steam-powered generating plants by 80 per cent this winter. This is possible because the utility has stockpiled enough low-sulfur Indonesian oil to suffice for a normal winter.

Edison did its stockpiling in cooperation with the Los Angeles Air Pollution Control District. Oddly enough, however, the publicly operated Los Angeles Department of Water and Power says it has not been able to stockpile enough such oil to make more than a token reduction in sulfur smog pollution. In fact, while it will be reducing emission at its plant near Los Alamitos, it will be increasing sulfur-content oil use at three other installations.

With all the governmental prodding of private enterprise to contribute to smog reduction, it is puzzling why another public agency can be permitted to do less.

## No Push Over!

As of next year's Presidential election, it will have been 36 years since an incumbent President was defeated in a bid for re-election.

President Johnson's troubles have proliferated so drastically that political pundits have been freely predicting that he will duplicate Herbert Hoover's unenviable feat. Suddenly, however, some observers are beginning to copper their bets.

For one thing, the public opinion polls, which have recorded a steady decline in the President's popularity, now reflect a slight upturn. The bottom of the public's discontent has been reached, and LBJ may have no other way to go but up.

For another thing, Johnson's recent national television talk, in which he projected a Truman-like, give-em-hell image, impressed friends and foes alike.

There are reasons more fundamental than polls or television mannerisms, however, why the opposition party should not succumb to overconfidence as it approaches the task of trying to unseat an incumbent president. The power of the Presidency is awesome, and to overcome it, the "out" party must not just field an attractive candidate, but must be able to capitalize on a great wave of dissatisfaction with the status quo.

The GOP has no dearth of attractive candidates, both new and experienced: Reagan and Percy, Nixon, Rockefeller and Romney. But the wave of public unhappiness that defeated Hoover was the Great Depression that struck midway in his term of office. Despite the many stresses and strains on the economy, the country is still riding the crest of a protracted boom.

There is a plethora of dissatisfaction over the Vietnam war, to be sure. But the old "don't change horses in midstream" psychology works to a President's advantage even in an unpopular war.

A major problem for the GOP is that its leaders are as divided on alternatives to Johnson's Vietnam policies as are the critics within his own party. California's Republican Governor, for example, is an ardent hawk, yet the GOP winner of San Mateo County's recent special Congressional primary election, Paul McCloskey, is as dovish as the newest thorn in President Johnson's side, Democratic Senator Eugene McCarthy.

Lyndon Baines Johnson, before he became President, was regarded as a master politician. If, as his most recent television appearance would indicate, he has dropped the stance of the seeker of consensus, the all-things-to-all-men approach, the fatherly image that never quite came off, in favor of a plain talk, let-the-chips-fall-where-they-may appeal to the public, he will prove to be far from a push-over in November, 1968.

## Another Hoover Commission

Many years ago, the Hoover Commission saved taxpayers millions of dollars by pinpointing wasteful or unnecessary federal spending. Representative Wilbur D. Mills, chairman of the House Ways and Means Committee, has repeatedly expressed alarm over uncontrolled government spending. He now calls for a new Hooper-type commission to make sweeping reviews of domestic spending programs, old and new. He points out that whenever a new President has been elected . . . a new program is enacted and added on top of the programs of other Presidents. . . . The result has been soaring costs, as well as duplication and overlapping of manifold federal programs.

One question that Representative Mills believes should be considered by his proposed investigative commission is, "Whether state governments, and private enterprise, should take over some of the chores Washington does. . . ." As far as many millions of citizens are concerned, the answer already is plain without the help of a commission. The trend toward centralized government and government in business threatens both economic and political liberty—and should be reversed now.

## 10 Major Years

For 10 years now, California has enjoyed top ranking National league baseball.

During the decade since the Giants and Dodgers came West, San Francisco has led the league in total wins and Los Angeles has been second. The comparative score is Giants 887 won, 703 lost for a .588 percentage; Dodgers 876 won, 717 lost, for .549.

The American League, which next year will add the Oakland Athletics to its Anaheim Angels as a California entry in the major league races, really has something to shoot at.

## FREEDOM AT ANY PRICE

by  
DR. HENRY V. WITTY

How do things shape up at year's end? A close examination of national and world conditions reveals the following facts:

Socialism in England has led to the devaluation of the pound and growing resentment toward the Labor government.

Europe is moving toward the Russian camp and there is no hope for a turn for the better without a drastic change in United States foreign policy.

The conservative forces of Europe, at this time a minority, are in a period of dramatic resurgence. Europe, too, is getting skeptical about socialism.

In America nobody is happy about the Viet Nam war. The Hawks want a pull-out. The military wants a step-up. The Hawks want a decisive victory. President Johnson is committed only to a high-level stalemate. The question is can the President secure an HONORABLE peace before the election? If not, he is a dead duck for reelection, providing the opposition nominates some first-class competition. WHO really believes the Reds are capable for an "HONORABLE peace"?

The cost of living at home is rising and nobody is happy about that. The public is generally fed up with higher and higher taxes. Probably the patience of the people is about gone.

The big Rockefeller financial build-up of Governor Romney has begun. But neither Romney nor Rockefeller can get first place on the Republican ticket. Our opinion is that Romney is a sacrificial goat for Rockefeller ambitions. The best he can hope for is to gain enough power for Rockefeller to use as a trading gambit.

One prediction we made about a year ago was the step-up of persecution of Right-wing columnists. We haven't talked as much about it as some others, but we have had the big heat turned on us this year. Should socialists be re-elected, this will get fiercer. The day of really effective free speech in America is rapidly drawing to a close. Socialism and Federal control have this nation by the throat, and only a widespread public wave of enlightenment and indignation will change it. It can be changed, but we have less time to do it than we realize.

Racial problems are surpassing domestic "reforms" in America. The more concessions the racial minorities get, the more they demand. The "civil rights" have recently made another sharp turn to the left. Martin Luther King's speeches sound like something out of Pravda. It is not a reassuring picture, however, we may expect a public backlash as a result of the Red influence in the civil rights movement. This may be effective if we get the word out to enough people.

The churches, or at least their liberal leaders, are get-

ting so radical that it is unbelievable! No doubt a backlash will set in here, too, that will hasten the further decline of the churches. This will be the big year for the so-called "Christian-Communist" dialogue. This means no longer can the liberal churches maintain that they are a "bulwark against communism." They are not!

Russia is trying to sell the West the line that she is "changing." The Russo-Chinese "split" also is continuing to fool the unwary, but this year may change that. A "confidence game" can be maintained only so long.

The New Left is gaining ground on college campuses. As never before, the big battleground between communism and freedom is on college and high school campuses. It is set to bring pressure for a pro-Red settlement in Viet Nam by demonstrations at the strategic moment. This is the big year for the Red invasion of the high schools!

On the American political scene everything is still quite flexible. This might be a Republican year. It all depends upon whom the G.O.P. nominates.

There you have it and the outcome is up to all of us!

Christmas Day, Roy and Evelyn Begley had 11 dinner guests. Since Roy and Evelyn both come from the British Isles, along with what we "Americans" consider traditional Christmas Dinner, Evelyn included a few traditional dishes from her part of the world . . . plum puddings.

Along with admiring Evelyn's culinary arts, guests undoubtedly admired the youngest and newest Begley family member. Joining other Begley children, Julie and Dermot, is Verity who is now legally a family member as the Begleys obtained the final adoption paper on one year old Verity on December 20.

Christmas Eve at the home of S. R. "Bill" and Florence Campoy will long be remembered by their three granddaughters — Cynthia, 5, Julie, 4, and Leslie, 1½ — Santa Claus paid a visit in PERSON. Needless to say, the girls were thrilled. Growups present at this appealing historic event, were Bill and Florence's son Robert and Susan Campoy of Arcadia, parents of the three girls; son, Bill Campoy of Pasadena and friend Miss Sandra Richardson of Glendale; and Florence's brother, Mr. J. P. Miano from San Diego. All except Santa Claus were present for dinner.

## Out of the Cobwebs

60 Years Ago:  
December 27, 1906

S. R. G. Twycross reported the sale of lots 11 and 7 of the Hosmer subdivision to E. S. Mead and N. W. Tarr, both of whom will build a residence in the spring.

Sierra Madre Valley View Tract was opened for sale. This area was bounded by Central Avenue and included Santa Anita Court, San Gabriel Court and bounded on the other side by Mountain Trail Avenue. It consisted of 45 lots 50 by 150.

Editorial for the week was headed, "We need a suitable place to bury our dead." This seems to be now on private property and the people are subjected to the wishes of the proprietor, and it was not an attractive place. They ask for the formation of a Sierra Madre Cemetery Association.

An article informed the people that "lawyers in their cross-examination have no right to browbeat innocent and well-intentioned witnesses," says Mayor Jones.

Extension of city streets is approved. Grand View, Orange Grove and Sierra Madre Boulevard were given extension approval, which was the first step in 6,000 miles of highways in California.

Supervisors pass on flood control plans for Sierra Madre and Arcadia area in the total amount of \$5 million.

Santa Claus was scheduled to arrive at the Big Tree in City Park at 7 p.m. on Christmas Eve. He is coming to distribute 600 stockings of candy, toys and

## Arthur Howard Laid To Rest

Services were held on Tuesday, January 2, at the hour of 2 p.m. for Arthur P. Howard, age 81 who passed away in the Sierra Madre Community Hospital after a brief illness.

Arthur was a former nurseryman, employed by himself at the Howard and Smith Nursery. His home address was 30 Suffolk Ave. He was a native of California and lived for many years in Sierra Madre, coming here from Los Angeles.

Arthur Howard was responsible for starting the Howard Smith Nursery with brothers and is given credit for many plants and flowers now common in

Southern California. His name is famous in the field of tulips.

He leaves to mourn his passing a sister, Helen Howard Jones of Camarillo and 11 nieces and nephews. Services were held in the Ripple Mortuary with Rev. William W. Worstell officiating; interment was private in the Sierra Madre Cemetery. All arrangements were handled by the Ripple Mortuary of Sierra Madre.

Veterans and their survivors received a total of \$4.4 billion in compensation and pension checks in 1967, the Veterans Administration estimates.

## Sunday Topic Announced

"The Teaching of the Santa Anita Church" will be the subject of the lesson-sermon of Rev. Margaret M. Stevens on January 7, at 11 a.m. at The Santa Anita Church, 226 W. Colorado Blvd., Arcadia. Rev. Margaret Stevens says: "The Santa Anita Church teaches that man is a living soul, clothed in a body, and that he is experiencing in his life that which he accepts and that which he believes. The church's mission is concerned with reawakening man to his Divine potential as a son of God, as revealed through the teachings of Jesus Christ." All are invited to worship in this beautiful

church which is a non-denominational church. Infant and child care is provided during the service.

Graded classes for youth from kindergarten through eighth grade will be conducted after a sermonette in the sanctuary. These classes are considered a vital part of the church. The groups for high school youths and young adults meet on the first and third Sundays of each month at 7 p.m.

Each Thursday at 11 a.m. Rev. Stevens leads an open class for all women which is held in the Fireside Room. Prior to this class on Janu-

## Dr. Emerson G. Hangen Begins New Pastorate At January 7 Service

DR. EMERSON G. HANGEN

The Sierra Madre Fellowship of the United Church of Christ announces the calling of the Rev. Dr. Emerson G. Hangen to his new ministry in Sierra Madre. Dr. Hangen will formally begin his new pastorate with a Communion Service on Sunday, Jan. 7, at 11:30 morning worship. Services are held in the facilities of the Episcopal Church of the Ascension at North Baldwin and Laurel Avenues.

Dr. Hangen, born in Pennsylvania, received his higher education at Albright College, Princeton Theological Seminary, and the University of New Hampshire, obtaining his Divinity Doctorate from Albright College.

Ordained as a minister of the Presbyterian Church, U.S.A., he took his first pastorate in Delaware. After his graduation from Theological School, he was commissioned as a chaplain in the United States Navy where he served for more than 12 years.

In 1937 he was called to the pastorate of the Durham Community Church in New Hampshire, where he transferred his ministerial standing to the Congregational Church. In 1945 he was called to the pastorate of the First Congregational Church of Meriden, Conn., and in 1951 he entered upon his most recent pastorate, the First Congregational Church of Long Beach.

He served for six years as the chairman of the Congregational Christian Service Committee. He is a past Moderator of the Congregational Conference for South-

## Speaker At St. Rita's Guild January 9

D. A. KUNZ

St. Rita's Guild will begin their New Year's activities at the monthly luncheon Tuesday, January 9 in the school hall at 322 N. Baldwin, at 11:45.

Mrs. Eugene Malone, program chairman, will present a most interesting and unusual subject when she introduces the speaker, Mr. D. A. Kunz, head of the Ocean Technology Department of the Naval Undersea Warfare Center. He will speak about the recovery of the nuclear device off the coast of Spain or which he recently received the Navy Department's Superior Civilian Service Award for his vital contribution.

The final, critical stage of the United States' intensive research and recovery operation of a missing nuclear bomb off Palomares, Spain, was performed by a weird-looking underwater device called Curv (Cable-controlled Underwater Research Vehicle). Mr. Kunz will describe CURV, its valuable routine service to NUWC in its research and development work.

He will describe the tense days leading up to and including the day the bomb was retrieved from its precarious perch just above the underwater canyon. He will tell of the men from NUWC who participated in the recovery of the bomb.

Mr. Kunz is a 1940 Civil Engineering graduate from Utah State University and has been associated with NUWC since 1945. He and his wife, Virginia, reside in Arcadia. They are the parents of four daughters.

Luncheon will be served by the fifth grade room mothers Mrs. Jackie Licher and Mrs. Gina Lovano and their workers.

## Larry Nakano Graduates From Naval Center

Seaman Apprentice Larry S. Nakano, USN, son of Mr. and Mrs. Richard H. Nakano of 231 N. Grove St., has been graduated from nine weeks of Navy basic training at the Naval Training Center in San Diego.

In the first weeks of his naval service he studied military subjects and lived and worked under conditions similar to those he will encounter on his first ship or at his first shore station.

In making the transition from civilian life to Naval service, he received instruction under veteran Navy petty officers. He studied seamanship, as well as survival techniques, military drill and other subjects.

## Congregational Services Noted

On the first Sunday of the new year, Communion will be served at the 10 a.m. worship service of Sierra Madre Congregational Church. The Reverend David G. Howell will use the title, "The Honor of Our Life" for his Communion Meditation.

The pastor believes that the holidays from Thanksgiving to New Year's Day come to us as checkpoints which cause us to evaluate where we have been, where we are, and where we are going.

## Postage Meters

lobbies from coast to coast is so massive that it will take several months to complete, the postmaster said. Five different types of machines are involved, he noted.

Most of the machines now provide 5-cent and 4-cent stamps for a nickel, quarter or dime. After conversion, the machine will provide 5-cent and 6-cent stamps. A new model will offer 1-cent, 5-cent and 6-cent stamps.

The postmaster said that the vending machines located in the lobbies of post offices are not to be confused with commercial stamp vending devices found in many stores. Such commercial machines provide a margin for profit and are not controlled by the Post Office Department, he said.

"Post office vending machines can be a big convenience to postal patrons," Mr. Ross said. "The devices permit mailer to ignore waiting lines at stamp sales windows or to buy stamps to mail letters after the windows have closed."

## Sorensen Statement

me that recently this fine community has become a center of dissension. I find new hope for dignity, harmony and fair play to return to the council chambers when I see such able gentlemen as Bud Hartman, Jim Nicholoff and Jack Simons on the ballot. I wish them every success in the forthcoming election."

Statement by Gordon Rudolph, campaign chairman for Severin Sorensen:

"I'm happy to hear that such high quality candidates as Bud Hartman, Jim Nicholoff and Jack Simons have offered to run for the City Council seats. A Council composed of these fine fellows working with Severin Sorensen and Ralph Rule will give Sierra Madre a dignified and harmonious government again, something we haven't had for two years. Citizens who want good government would do well to elect them on February 20th."

## Casa Colina Contracts With Blue Cross

Effective January 1, Casa Colina Hospital for Rehabilitative Medicine, located in Pomona, was accepted as a full contracting hospital by Blue Cross. The announcement was made by hospital administrator Richard T. Moore, after the contract was made official by the signatures of both Mr. Moore and Charles Abbott, president, Hospital Service of Southern California, Blue Cross.

"This is certainly a step forward for specialized hospitals such as Casa Colina," stated Moore. "Until now it has been customary for Blue Cross to contract with only general hospitals."

Casa Colina received its hospital license a little more than a year ago. A specialized hospital for physical medicine and rehabilitation, its services are limited to patients with severe physical disabilities.

## Letters to The Editor . . .

Dear Editor:

Recently my water heater started smoking and I found it necessary to call Sierra Madre Police for help. Before the phone was back on the hook, the Police Department had officers at the scene and the Fire Department had Chief Brown and Fire Prevention Chief Ludden at the door.

The fire department personnel effectively and efficiently took the situation in hand and our minds were soon at ease.

It is our first occasion, during our many years of residency, that we found it necessary to require the police or firemen to be used but we were enormously impressed and are deeply grateful for their fast response.

We, of this community, should be proud of both our police and fire departments. —Mr. and Mrs. H. G. (Hank) Maurer

## Lecture Coming On Diabetes

Many people who have diabetes, and many professional people, such as nurses, technicians and dietitians, do not know all the answers. Do you?

A lecture and discussion, under the auspices of the San Gabriel Valley Chapter of the Diabetes Association of Southern California, will be conducted by Julian Love, M.D.

Dr. Love, Fellow of American College of Physicians, Associate Clinical Professor of Medicine at California School of Medicine, member of the Clinical Society of the Diabetes Association of Southern California, will talk on Tuesday, Jan. 9.

The meeting will be held in the Community Room of Prudential Savings and Loan Association, 526 E. Las Tunas Drive, San Gabriel.

Mr. Harry Hamilton, chairman of the chapter, urges everyone interested to attend. There is no admission charge. Ample free parking is available.

## Del Comer

Comer recently. "I believe my past record of service to the community and my business experience has provided the qualifications needed to meet this tremendous responsibility."

Comer, a teacher at Pasadena High School, holds a Bachelor's Degree with a major in Education and a minor in Math and Science. He also teaches in the Adult Education Division at Pasadena City College and has conducted in-plant training at Jet Propulsion Laboratory. He has been active in community affairs such as, both president and vice president of the Foothill Areas Association.

He and his wife and three sons reside at 720 Canyon Crest Drive. His wife, Joy, has been equally active in community affairs, currently serving as first vice president of the Sierra Madre PTA, and Republican precinct captain. She has actively participated in numerous community drives;

## SIERRA MADRE NEWS—15 Thursday, Jan. 4, 1968

### Friends, Supporters

"You have many friends who appreciate your many years of service on the council and want you to be retained."

Close friends endorsing Sorensen include: Mr. and Mrs. Joe Grippi, Mr. and Mrs. James E. Gorham, Mr. and Mrs. Mel S. Stine, Dr. and Mrs. Daniel D'Arcy, Dr. and Mrs. Nathan Jacobs and Mr. and Mrs. John A. Seilen. Seilen stated, "Sorensen has done more to make this a fine community than anyone I can think of. It's a shame anyone would even think of putting his name on a recall ballot."

Among the first to endorse Sorensen include: Mr. and Mrs. Ralph Rule, Mr. and Mrs. Daniel R. Parker, Mr. and Mrs. Tony De Pasco, George L. William, Nell and Bill Maloney, Mr. and Mrs. Allen Deverick, Dr. and Mrs. John N. Simons and Mr. and Mrs. Donald L. Konkler. Don Konkler noted, "Sorensen is fair to the citizens of Sierra Madre. He knows the law and the city's problems. We need him on our city Council."

Other friends enthusiastically endorsing our former Mayor include: Earl T. Knowles, Marjorie Porter, Harold H. Goodwin, and Mr. and Mrs. R. Robert Evans. Severin Sorensen, elated over Rudolph's announcement, replied, "You don't know how gratifying it is, when enduring the unpleasantness of a recall, to have your friends come forth and offer to help. I want to thank each and every one personally for their support."

### Cancer, Heart and others.

Ted Stetson, former president of Foothill Areas Association, carried the nomination papers in behalf of Comer. Del Comer's nominators included: James D. Burke, James F. Burke, Harold Clardy, Carl Cheadle, Barbara Godley, Dorothy Hoback, Betty Johnson, Ray Lorenzini, Alex Schulten and A. Allen Sheppard.

## Pasadena Jr. Chamber of Commerce Sets First Meet of Year January 9

Pasadena Junior Chamber of Commerce Wives Auxiliary will have their first meeting of the new year Tuesday, January 9, at 7:30 p.m. They will meet in the Redwood Room of the Pasadena Gas Company.

The speaker for the evening will be Dr. Gordon P. Griggs of Pasadena and "The Project Hope." The S.S. Hope is now in the harbor of Cartagena, Colombia. Dr. Griggs served on her when she was in Peru and Ghana. Dr. Griggs practices obstetrics and gynecology. He is a graduate of Loma Linda University School of Medicine.

The Hope is a 15,000 ton converted veteran of World War II. She is bringing medical assistance and medical knowledge by way of the superb skills and techniques developed by the American Medical profession. A business meeting conducted by Mrs. John H. Heard, president, will follow the program and will include discussion on plans for the winter party, "Mexican Fiesta," which will be held Saturday, February 10 at 7:30 p.m. Committee chairmen for this party include the board members Mrs. Paul Urban, Mrs. Norman S. Marshall, Mrs. Tim Tyler, Mrs. Norman Woods, Mrs. Russell Quinsey, Mrs. William Emerson and Mrs. Kenneth Boline.

Hostesses for the evening will be Mrs. Ronald J. Jorgensen, Sierra Madre, chair-

campaign in behalf of retaining the two junior members of the council. Cheadle was co-chairman and Mrs. Ross a member of the committee which spearheaded the Madox-Wagner campaign in 1966, when the two councilmen were elected on a reform ticket by the large number of votes ever cast for candidates for public office in Sierra Madre, after a hotly contested campaign. Cheadle and Mrs. Ross announced that Mrs. Harry Enmark has accepted the post of precinct chairman. Mrs. Victor Daniels will serve as mailchairman and William Wark as public relations chairman for the Madox-Wagner Committee.

In announcing formation of the committee, Cheadle and Mrs. Ross commented, "We feel Mr. Wagner and Mrs. Madox have consistently upheld their 1966 campaign theme of 'Responsive, Responsible, Representative Government,' and are confident the electorate will again return them to office together with other candidates of similar integrity and willingness to work at the job of serving the people."

Mrs. Enmark will be in charge of coordinating the coffees for Madox and Wagner to afford all interested citizens an opportunity to meet and talk with the two junior councilmen. Cheadle and Mrs. Ross stated that anyone wishing to attend a coffee is invited to contact either Mrs. Enmark at 355-3909, or Mrs. Ross at 355-3690, and arrangements will be made to include them in a coffee convenient to them.

## Rose Care Demonstration This Week

Secrets of successful rose care in Southern California will be given at the eight free rose care demonstrations held annually in the Pageant of Roses Garden at Rose Hills Memorial Park. R. L. McNitt, Jr., president, announced recently that this year's programs have been scheduled for 1:30 and 2:45 p.m. on Saturday, January 6 and 13, and Sundays, January 7 and 14.

"Many home gardeners here make the mistake of using eastern methods in pruning and caring for their roses," McNitt said. "Our relatively mild winter climate makes radical rose pruning unnecessary and actually keeps the bushes from producing their maximum number of blooms."

"The more than 4,000 plants in the Pageant of Roses Garden are in bloom more than 10 months each year," he continued. "There is no reason why home gardeners can't achieve the same results — while actually doing less work. "John vanBarneveld, American Rose Society director-at-large for this district and rosarian at Rose Hills, again will use his special mechanical board to show proper rose pruning. He and his staff will share their successful growing secrets and will be happy to answer questions on care of roses and other plants." McNitt said ample free parking is available near the garden.

man; Mrs. Dennis Meredith, Pasadena; Mrs. Donald Palmer, Pasadena, and Mrs. Gary Jefferies, Altadena.

### Santa Anita

ary 4 at 9:30 a.m. Peggy Smyth will teach a class in paper mache which will resume after 1 p.m. Dr. Winifred L. Gaubert from London, England, will be the guest speaker on January 14. Her subject will be "New Worlds for Old."

Rev. Stevens concludes with: "Our dial for prayer has a special message for you . . . 447-6162."

## Rose Pruning Demonstration Set For Jan. 13

The Pacific Rose Society, in cooperation with the Descanso Gardens staff, will stage its annual rose pruning and planting demonstration in the rose garden of Descanso Gardens, La Camada, Saturday, January 13, starting at 1:30 p.m.

Visitors may learn how to prune and plant such popular varieties as Hybrid Teas, Miniatures, Floribundas, Grandifloras, Climber and Pillars, by watching and asking questions of 17 demonstrators from the Rose Society and the Descanso staff. The demonstrators will be pruning actual bushes in the Descanso rose garden throughout the afternoon, as well as planting new bare-root roses.

Well known rosarians David Gilfillan, Ralph Johnson, Joe Littlefield, James Kirk and Edward Boverie, will be on hand to talk about the new roses for 1968 and tell what is new in rose culture.

## A Very Foolish Election To Cost \$2500

## Eight Nomination Papers Filed For February 20 Special Council Election

When filing closed for the February special election it was found that eight candidates had been nominated in one of the most foolish elections to ever be held. We term this election a foolish one, costing approximately \$2,500, will allow any candidate winning the vacant seat just three meetings prior to the April 9th election, and by the same token the Recall of Councilman Sorensen is an attempt to unseat him just three meetings before his term expires.

If the filing for the election of April 9th is closed 54 days before the election which would be February 16, then the filing for the vacant seat and the seat of Sorensen will have to be done before anyone is elected to fill them. A candidate running for the office will not know whether he should file for the April election as a defeated candidate or an incumbent.

Another unfair situation is that the Registration Books for the City of Sierra Madre closed last week and will not be reopened again until April 10; citizens becoming eligible to vote in the April election will be denied this privilege. The only advantage of the election would be the unseating of either Councilwoman Madox or Councilman Wagner, and this could have been attempted in April as well as February.

In our opinion this whole episode is an attempt of the Junior Councilmen to save the taxpayers of Sierra Madre money? No, it is their attempt for Power; an attempt to switch from minority to majority.

Following are the candidates filing; their carriers of Nomination papers and their signers. Save this list and look it over carefully; it does carry a powerful message:

Four of the candidates filing for the seat left vacant by resignation of former Mayor Richard T. King, who is now on active service with the Army.

Delbert E. Comer, 720 Canyon Crest Drive, teacher. Papers circulated by Theodore E. Stetson; signed by

Mrs. Betty K. Johnson, Raymond Lorenzini, James D. Burke, Mrs. Barbara J. Godley, Carl Cheadle, James F. Burke, Mrs. Dorothy M. Hoback, Albert A. Sheppard, Jr., Harold B. Clardy, Alexis F. Schulten.

Charles C. Compton, 15 E. Mira Monte, horseman; paper circulated by Compton and signed by Helen Hoyt Hawley, Glen L. Owens, Claude F. Fritz, M. D. Hawley, Blanche E. Hutcheson.

Sam D. Simpson, 422 E. Sierra Madre Blvd., dry cleaner; papers circulated by Simpson; signed by Harry A. Lange, Mrs. Betty K. Johnson, Donald P. McCormac, J. Stadden Miller, Thomas R. Pickren, M.D., Sterling T. Ripple, Hugh S. Bell, Jr., Marie K. Albu, David Kirkpatrick, Melvin H. A. Peterson, M.D.

John N. Simons, 201 Monte Vista Lane, entomologist; papers circulated by Deane E. Bortoff; signed by Richard E. Lawyer, Mrs. Frances C. Mitchell, Mrs. Virginia A. Graham, Darwin M. Dennis, Mrs. Myrtis G. Waite, Mrs. Nancy H. Throop, Mrs. Betty Jane Bortoff.

Those filing for Severin L. Sorensen's seat "to succeed Severin L. Sorensen in the event he is recalled by the recall election."

Gordon E. Rudolph, 1935 Lilano Dr., engineering administrator; papers circulated by R. Robert Evans and signed by Melvir L. Bowman, Mrs. Margaret L. Evans, Robert H. Clark, Rudolph R. Hartman, Severin

L. Sorensen, Donald L. Konkler, Mrs. Margaret M. Buckner, Joseph Delgatto, Mel Stine, James D. Burke, Jack V. Miller, 700 N. Auburn, engineer; papers circulated by Blaine H. McGillicuddy; signed by Mrs. Carole A. Enmark, William J. Wark, Roderic Wm. Schmidt, Ross Tyree, Walter P. Wesley, John A. Gougeon, D. Paul Foote, Jerome O. Stetson, Mary D. Stetson, Abe F. Cohen.

Maddox seat "for the office of members of the City Council to succeed Jean G. (Jan) Maddox in the event she is recalled by the recall election."

James A. Nicoloff, 311 San Gabriel Ct., attorney; papers circulated by William E. Gibson; signed by Charles I. Crop, Robert C. Poolman, William R. Maloney, Mrs. Nell B. Maloney, Anthony DePasco, Franklin A. Williams, Mrs. JoAnn C. Williams, Mrs. Betty Jane Bortoff, William M. Waite, Joe Grippi.

Wagner seat "for the office of member of the City Council to succeed Edmond M. Wagner in the event he is recalled by the recall election."

Robert C. Hartman, 574 Camillo; papers circulated by Walter A. Richter, Richard E. Hauk, Manuel de la Torre, James D. Burke, Miner Y. Harkness, Sydney L. Westfall, Jr., Mervin H. A. Peterson, M.D., Harry A. Lange, James W. Fisher, Robert N. Schaper.

## OUR POLICY . . .

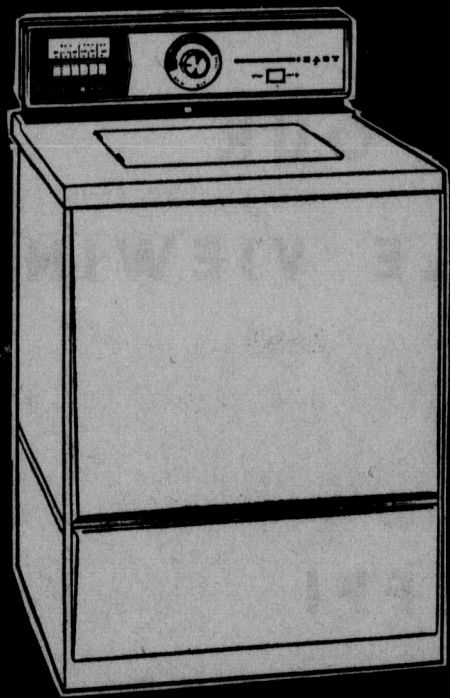

Qualifications of a Candidate for City Council will be run free of charge in the Sierra Madre News. When a Candidate or their Campaign Managers see fit to criticize other candidates, their office tenure, or make predictions as to what the voters want, then that shall be considered "political advertising" and can be run at the Political Advertising Rate.

This newspaper will have three decisions to make on "Recalls" and can support only four of the eight candidates for Councilman positions; this it will do editorially from time to time until the final issue of February 15.

We welcome the review of past records, qualifications and endorsements of any Candidate, so that the people may have a clearer picture of the person they wish to select as their future council member.

## Letters to The Editor . . .

Dear Editor:  
I am enclosing for your perusal a copy of my January 1968 newsletter which contains a questionnaire. It will be mailed to many voters in the 19th Senatorial District on January 2, 1968.

I plan to send you a tally of the results of the questionnaire as soon as it is compiled.

I want to take this opportunity to wish you a happy and prosperous New Year and to remind you that the facilities of my office are at your disposal.

H. L. RICHARDSON  
State Senator

Are you paying for part-time auto insurance?

### Ask Yourself These Questions:

- Are your liability limits high enough? Or, would an adverse court judgment use up all your insurance and wipe out your other assets, too?
- Who would you turn to if you had a crack-up, 2,000 miles from home?
- And who would have to wrestle with all those reports, claim papers, police questionnaires, etc., etc., etc.? You?
- Do you have all the auto insurance you need? Do you have the right kinds?

Does your auto insurance pass this test? If not, you're paying for part-time protection. That means it's high time you insured under The Travelers umbrella. Call us today.

### Aviation Field For Enlistees

The Pasadena Marine Corps Recruiters announced today that any man that has taken the pre-induction physical and scored sixty or higher may be guaranteed the Marine Aviation field before enlistment.

If you do not know your test score, you may stop by the Recruiting office and Gunnery Sgt. Frank Barlet or S/Sgt. Bob Nichols will check the list for you. Be sure to inquire about the 2 and 3 year enlistments.

The recruiting office location is: 872 E. Washington Blvd., Pasadena. Phone 798-9444. In Monrovia contact Sgt. Nichols at the Post Office on Tuesdays and Saturdays, phone 357-2889.

### Young Artists Instructions Start Jan. 6

"The World of Art for Young People," a group of winter quarter classes offered by University of California Extension in the School of Fine Art, 530 N. La Cienega Blvd., will start Saturday, January 6.

Students, ages 7, 8 and 9, will meet from 10 a.m. until noon; the 10, 11 and 12 year olds will meet 1 to 3:15 p.m., and the teenagers from 3:15 to 5:30 p.m.

Drawing, painting and sculpture with emphasis on development of skills, interpretation and expression will be taught by instructor Selma Moskowitz.

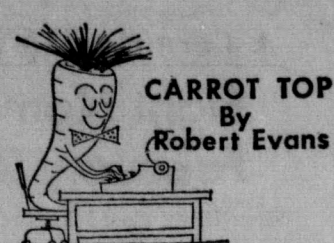

University Extension offices at UCLA (478-9711 or 272-8911, extension 4861) will supply additional information concerning the classes.

### Miss Dollarhide Funeral Services

After a lengthy illness, Miss Floy S. Dollarhide, 83, passed away December 26 in a Duarte Convalescent Hospital. Miss Dollarhide, a resident of Sierra Madre for 20 years was originally from Arkansas. The deceased, self employed with an occupation as housekeeper, is survived by three sisters, Mrs. Allene D. Welch, Sierra Madre; Mrs. Electra L. Farrow, Foreman, Arkansas; and Miss Benedette E. Dollarhide, Foreman, Arkansas.

Funeral services for Miss Dollarhide, who resided at 590 W. Sierra Madre Blvd., were held at 11 a.m. last Friday, December 29, in the Chapel at Ripple Mortuary with Mrs. Helen K. Smythe as reader. Interment was at Rose Hill Cemetery in Whittier.

### CARROT TOP By Robert Evans

mistake will not harass us throughout the year '68-69. Listen and evaluate what you hear, go to the polls on February 20 with the determination to set "City Hall" on its feet with a course that will do good for the most people of the community . . . This will be your one BIG chance. Of course, you will have time for a slight correction on April 9, but February 20th is the big day.

— CT —  
Just like one Councilman said: "When I enter City Hall I want to see every man and woman working. Has anybody any idea how this can be accomplished?"

Well, Old Smitty came up with the answer . . . "Yeah—don't wear rubber soles." . . . Now we do have a good group of City Employees. Each is dedicated to his work, but he wants to know that he is doing something useful, that he has the right to plan for the betterment of his department and the betterment of the City . . . How can he do this when the Council is split all over the place? . . . Let's go for UNITY on February 20 and take nothing less . . . Talk it over with the candidates and demand that they give you the very best for your tax dollar . . . Other communities receive it, and Sierra Madre deserves it.

— CT —  
Not only is this the month when you start worrying about paying your Income Tax, but it is also the month when merchants look over the merchandise that was not selected for Christmas gifts and start their big inventory reduction sales.

— CT —  
This is the time when customers get the advantage of reductions in many lines. It is the savings that are passed on to the people instead of paying it in taxes.

— CT —  
Of course I am sure that all of you understand that the merchant must pay a tax for all merchandise on hand as of the first Monday in March, or his inventory, and this is no small item. So he would rather move it out of his store and pass the savings on to you . . . Keep your eye on the Sierra Madre News, we will have the announcement of most of these sales for you to take advantage of dollar savings.

— CT —  
It was Christmas Eve and Tony Harris was trying desperately to close up the store and go home to be with the family, but one woman was buying with a fever, and Sierra Madre Hardware and Gift Store is a good place to buy. Anyway, Tony approached the lady with the following remarks:

— CT —  
Tony: "Ah, Mrs. G., I'm surprised that you are buying so many things on Christmas Eve. Why didn't you do your Christmas shopping early?" . . . Mrs. G.: "What d'ye mean? I'm shopping for next Christmas now." . . . And that's the way some things go for some merchants.

— CT —  
We close up the first column of the new year with the following observation . . . "With the California Legislature adjourned until January, I predict Governor Ronald Reagan will recommend a multi-million-dollar bond issue this year." I hope not, I hope not, I hope not.

## Letters To Santa Claus

Santa Claus has found some more letters from local children and he sent them on to us after filling as many of the requests as possible.

Dear Santa Claus,  
And your reindeer Rudolph and all the other's I want to wish you a Merry Christmas.

Now what I want is a baby first step, and Marble the musdage, and a doll bottle, and a junior wagon to ride in, a stuffed sheep, and hair bands.

Jillayen Hutchinson

Dear Santa,  
I hope you have a lot of toys for all the children, and I like Dasher, Dancer, Prancer, Vixen, Cometid, Cupid, Donner, Blitzen.

For Christmas I would like a tubsey and some underpants and socks and a doll bottle and a chair for my room.

Love Karin  
Hutchinson

Dear Santa Claus and your reindeer Rudolph and Dasher! Dancer! Prancer Xixen! on, Comet! on, Cupid! on, Donner and Blitzen! I wish you a Merry Christmas to all.

I would like a trole doll, and a pair of shoe skates. A baby bottle, and a pair of teashirts.

Love,  
Kris Hutchinson

Dear Santa Claus  
I'm writing another letter to you because my stupid brother put the letter I wrote to you in the wrong mail box so I'm writing another letter to you. I would like to have a girls sic-ray bic. My brother wants a b-b gun. My sisters both want some walking dolls. My stupid brother wants a bic too. We've been good this year. So if you get my other letter it almost the same. Hope you have a good trip around the world.

P.S. He's really not that stupid.  
From Jamie, Beto, Benny, Nancy and Mary Mendoza

Dear Santa Claus  
May I have a evening gown and play shoes high heels. And a purse and pocketbook. And a fur coat and gloves and hat. And some toys too. Only if you can.

Love  
Merry Licher

## Maddox-Wagner A Tricky Duo

ished scanning the list of signers of his and Councilwoman Maddox's Intention to Recall Petition, anyway, in November a new name was submitted to the council. Councilman Sorensen and Councilman Rule, wishing to have as much decorum as possible, believed that the appointment was necessary and went along with the newly appointed member.

Jack Overholt was then sent a letter retracting his appointment and asking him to return the Code Book. Why was Overholt selected as the one to be dropped? Was it because Mayor King had failed to receive the confirmation; if so, why could he not have been confirmed at the November meeting of the Council instead of a new man being appointed?

We wonder if it could have been that Sue Overholt was one of the signers of the petition of Intent To Recall Maddox-Wagner. We sincerely hope this was not the reason.

When memories were jogged, recollections become apparent. Councilman Sorensen, and Councilman Rule both remembered the appointment; in fact Councilman Rule remembers announcing the appointment to Overholt the week it was made. Councilman Wagner was contacted and the "goof" was noted. It was then decided that instead of a five man Board a new ordinance would be presented creating a seven man board and Councilman Wagner had another man to add to Overholt to bring it up to the count; this then would set the record straight.

On December 12 the new Ordinance was presented for

**City Council**  
that out of 3177 driveways in our city he found 178 encroachments.

A report on our jail facilities showed that for a price of \$5,600, the jail is now in condition to satisfy the Grand Jury and we should have a clean bill in that area.

Finishing all items on the agenda the Council adjourned and ended the year 1967 with their next meeting scheduled for January 9, 1968.

its first reading; Wagner explained the "goof" and the reason for the Ordinance. First reading showed that Wagner, Sorensen and Rule voted to save the face of the Council. Maddox voted No. On December 27 when the Ordinance was presented for its second reading and adoption, Councilwoman Maddox stated: "It is not sufficient reason because of a goof of the Council to increase the board from 5 to 7."

Upon motion of Sorensen and Rule for the final reading and adoption, Councilman Wagner SWITCHED his vote and voted no and the motion lost, Sorensen - Rule, Yes; Maddox - Wagner, No. This is the same SWITCHING tactics that was used by Councilman Wagner in the Konkler Pool Controversy. It is a sad affair that we do not have Councilmen who can stand on their own convictions . . . think about this one.
